

## STAGE 3 PROJECT

AUGUST 2010

### The Yogurt Market in Ireland

#### Introduction

Yogurt has a long-established reputation as a product consistent with healthy eating and great taste. It has been well-placed to take advantage of increasing consumer interest in the link between diet and health. The yogurt market is now defined to include yogurt pots, fromage frais and yogurt drinks.

High levels of new product development and strong promotional support characterize this market. The yogurt market is a market that has experienced strong growth over the past decade, with this growth primarily being led by the demand for natural health and indulgence yogurts.

#### The Project

- Present an overview of the Irish yogurt market. Describe the main segments existing in this market and the major players in each of these segments. **(10%)**
- Comment on the buyer behavioural factors that affect demand for yogurt in Ireland. In particular, you should comment on how cultural, social and lifestyle changes have led to innovations in this market. In addition, you should discuss the impact of psychological buyer behavioural factors such as motives, perception, personality and attitudes on the purchase of yogurt. **(20%)**
- Select a yogurt brand currently being sold in Ireland. Conduct both **secondary** and **primary** research to identify the brand's promotional strategy in the Irish market. Comment on the challenges facing the brand when promoting in this increasingly competitive market. **(40%)**
- Conduct secondary research on the European yogurt market. Discuss the diversity existing in Europe with regard to the consumption of yogurt and the different preferences existing. **(20%)**
- Reference fully the theory you are studying and integrate it with the practical situation outlined in the above scenario. Rather than presenting this as a separate section of the report, integration of theory and practice should be evident in the answers to the above questions. **(10%)**

## PLEASE READ THESE RULES CAREFULLY

1. This project is an exercise in investigative study. Because it is not being prepared under examination conditions, style and presentation will be taken into account as well as content.
2. The primary purpose of this project is to assess the candidate's ability to apply marketing principles to the topic under investigation and to structure research findings using the marketing concepts available.
3. Candidates are strongly advised to review past Examiners' Reports prior to embarking on this project – [www.mii.ie/exampapers](http://www.mii.ie/exampapers)
4. The project must be typed on A4 paper. It should be presented in a folder or loose binder. Your name, Student ID and your project title must appear on the title page. The pages should be numbered and there should be a Table of Contents. Candidates are **NOT** to submit their projects in individual page plastic covers.  
**Such projects will be automatically awarded a mark of zero by the examiner.**
5. A one-page abstract forms part of the completed project. This abstract should be a brief description of the **objective** to be achieved by the project, the **methods** used and the **conclusions** reached.
6. We would envisage that you would not be able to do justice to the topic in less than 5,000 words. On the other hand you should not exceed 7,000 words. A word count **MUST** be included as part of your Contents Page.
7. You must acknowledge all your sources; not to do so is **plagiarism**. Acknowledgement involves naming your source (report, textbook, website) in brackets at the relevant point in the text, and appending a bibliography at the end of your text. This should be in alphabetical order and should include the author's name, the title, the publisher and the city and date of publication. Web references should be as detailed as possible, not just the home page. The examiner will conduct a systematic phrase search to ensure the integrity of information downloaded from the internet. The quality of your bibliography is an important element in the overall assessment of your project.  
**See section on plagiarism on website – [www.mii.ie/projects](http://www.mii.ie/projects).**
8. This project will be assessed and marked like the other subjects in **Stage 3**. You will not have passed **Stage 3** until you have passed the project.
9. The project is due by **AUGUST 20, 2010**. As time management is a major feature of the discipline of report writing, projects submitted after the due date will not be accepted. *Students should, therefore, start work on the project immediately as excuses relating to mishaps (poor health, computer failure, typing) in the final week will not be accepted.*
10. Since the project is treated as an examination subject, The Marketing Institute staff **cannot** assist you with the interpretation of the brief or sources of information.
11. The same sanction applies to copying and to plagiarism: all subjects in the sitting are deemed to have been failed and the candidate may not register as a student with The Marketing Institute thereafter.
12. The attached statement must be signed and incorporated it into your project after the bibliography.
